VARSIITY AWARD JACKETS

Roots Varsity Award Jacket

First created in 1979, our Award Jacket has become an emblem of Roots style and craftsmanship.

Inspired by a sense of community and team spirit, we looked at varsity jacket silhouettes awarded to athletes. Our custom program aims to create special pieces built to last and honour meaningful unique designs for a deeper connection.

Designed and made in Canada at our leather factory, they feature exclusive and high-quality materials.

Roots Leather Factory

Original leather goods have been at the heart of Roots since our inception, and to this day, our leather products remain largely a creation of human hands.

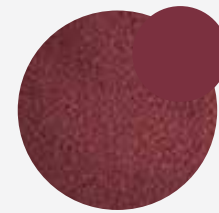

Since 1973, our Toronto leather factory has been operated by generations of family craftspeople. Our skilled team of leather artisans are the backbone of our leather products, and we are proud of the genuine handcrafted leather goods we make.
